Buena Park, CA 90621

Dear Mr. Baughman:

The Department of Alcoholic Beverage Control wishes to thank CardCom Technology for the kind donation of ViAge Verifier Units for the use of our sworn staff.

The field testing we conducted of the unit found it to be a valuable enhancement to our existing efforts to enforce underage drinking laws. The compactness, mobility, and accuracy of the units are particularly suited to a field enforcement environment, especially where a large number of driver license identifications need to be checked in a short period of time.

Your support of the Department and its mission through the donation of this important enforcement tool is truly appreciated.

Sincerely,

Jay R. Stroh
