Dear Ms. Shin:

The management and staff of the Enforcement Division of the Texas Alcoholic Beverage Commission owes your company a debt of gratitude for its kind donation of ViAge Verifier Units for use by our enforcement agents.

The devices have proven to be a valuable tool for detecting fake or altered identification documents and have greatly aided our efforts to keep alcoholic beverages out of hands of underage drinkers. The compactness, mobility, and accuracy of your verifiers made it possible for us to conduct large-scale fake ID sweeps in the entertainment districts of most of our major metropolitan areas and to greatly exceed the goals we had set for these operations.

Many thanks to all of you at CardCom Technologies. We deeply appreciate your technical assistance and generous support.

Sincerely,

A handwritten signature in blue ink that reads "Greg Hamilton".
